How Could We Work With Your School in the Future?

Your free Chance2Dance session may come to an end, but we still have plenty to offer you. We run outreach projects throughout the local community providing dance sessions for schools and groups.

Perhaps try out a class themed around an event, celebration, health and well-being or a topic you are teaching in school?

We are happy to discuss any possible way we might be able to help you in the future, so please do not hesitate to get back in touch on the details above.
